# ISBE Financial Rating

## FINANCIAL PROFILE: RECOGNITION

The Illinois State Board of Education (ISBE) rates school districts annually based on several financial indicators, including fund balance. Districts that receive a score of 3.54–4.00 on the Financial Profile are considered to be in the highest category of financial strength, known as Financial Recognition. These districts require little or no involvement from the ISBE unless requested.

## FACILITY IMPROVEMENTS REFERENDUM

On November 5, BBCHS District 307 will ask voters to go to the polls. The questions on the ballot will allow the district to pay for facility improvements. The \$70 million overall project cost will be divided between property taxes and district operating budget.
